TORNADO OF FLAME SWEPT NEBRASKA

FIRE DOES GREAT DAMAGE IN SEVERAL COUNTIES.

The Homes, Stock and Crops of Ranchmen Completely Ruined—and There May Be Many Deaths in Consequence—Settlers Seek Safety in Water Courses and Gullies.

HYANNIS, Neb., Oct. 26.—The prairie fires which have prevailed in this (Grant), Cherry, Sheridan, and Thomas counties since Tuesday have assumed vast proportions. They started in Sheridan county and have thus far burned over a section of country forty miles in width. The damage to hay, ranch property, and cattle is enormous, but nothing like an accurate estimate is yet possible. Many lives are supposed to have been lost, and thousands of tons of hay have been burned, leaving the cattlemen destitute. Homes and stock were also burned, and the cattle ranges are ruined. The list of known victims at present is:

BLISS, ——, ranchman.
LACHER, E. L., ranchman.
TWO FARMERS, names unknown.
RANCHMAN, at Mullen.

The two first named were attempting to save their property by back burning, but the high wind drove the flames on them and cut off all escape before they were aware of their danger. Lacher lived long enough to tell his story to ranchmen who came to his rescue after the flames had passed. The fires are burning in several directions and the wind is blowing almost a tornado.

Hundreds of thousands of head of cattle are grazing in Cherry, Thomas, Grant, and the other counties where the fires are raging. These cattle were sent there from the southern part of the state, where the drouth has been felt so heavily, to graze for the winter. It is feared a large proportion of these cattle have perished. Several ranch houses are reported to have been destroyed and there is probability of a large loss of human life.

Nothing like the present disaster has happened for years. As there are numerous streams in the afflicted section it is presumed many of the ranchmen have succeeded in taking their families to these water courses and thus avoided danger. The flames are not driven high, since the grass is not tall, consequently any one reaching a stream can escape death unless overcome by the dense smoke.

It is reported that two men were burned at Mullen. One is dead and the other is lying in a critical condition and will die. At the same time a fire started on the south side of the track, burning everything clean from Lakeside to the Blue river. This report comes from Whitman, in the southern part of Grant county. Fires have been burning north of Whitman since Tuesday. Several thousand tons of hay have been burned and several miles of range burned over.

Another fire has started in the north and is burning down east between the middle and north prongs of the Middle Loup this morning.

Citizens in the locality of Thedford, Thomas county, were out until a late hour Wednesday night burning fire guards and at this time the town is considered safe, unless the fire should come in north of the strip burned over. The wind is blowing at the rate of sixty miles an hour and grave fears are felt, as the atmosphere is full of smoke and cinders. So far no loss of life is reported in that locality, but the loss of range will be great to stockmen.

DIREFUL NIGHT IN SAND HILLS.

Terrific Gales Lash the Flames Into Destructive Energy.

ALLIANCE, Neb., Oct. 26.—Last night was a direful night in a large portion of the sand hills. Devastating fires swept through the western part of Cherry and Grant counties all day, burning on the north side of the Burlington railroad track to within about four miles of Hyannis. Lashed on by a furious wind, the fires traveled at a pace that carried consternation and destruction. The fire on the railroad was started the first of the week by a man and his pipe about ten miles northwest of Alliance. The man was drunk, and in filling and lighting his pipe threw the burning match to the ground, where it ignited the grass. In an instant a fire started, which, fanned by the northwest wind, at once set out on its mission of destruction. A number of lives is reported lost.

PHILADELPHIA, Pa., Oct. 26.—All hope for the safety of the British whaling steamship Falcon, which brought to this port the members of the Peary expedition and which sailed Oct. 3 for St. Johns, N. F., has been given up and there no longer exists any doubt that it has gone down at sea with all hands.

CHINESE AGAIN DEFEATED.

Japanese Troops Fight Their Way Into Chinese Territory.

LONDON, Oct. 26.—A dispatch from Tokio dated yesterday says Field Marshal Count Yamagata has telegraphed to the war office that a detachment of 1,600 Japanese infantry crossed the Yulu river Wednesday and attacked the enemy. The Chinese force consisted of 600 cavalry and 100 infantry with two guns. The enemy fled. The Japanese captured a Chinese fort, two guns, and many rifles. The Chinese loss was twenty killed and wounded. The Japanese sustained no loss. The Japanese advance columns are advancing upon Lishiven.

Later advices from the front via Yokohama show the Japanese army immediately advanced to the attack of the Chinese at Kuilenstod. The battle is now proceeding.

BRYANT REVISES HIS STORY.

He Goes Back on His Confession in the Arkansas White Cap Case.

MEMPHIS, Oct. 26.—The trial of twenty-five white caps was resumed yesterday at Helena, Ark. The sensation of the day was the testimony of Gus Bryant, the leader of the gang, who turned state's evidence last spring and made a confession. Bryant's evidence yesterday was directly opposite to that contained in his confession. The prosecuting attorney openly charges that the state's witnesses have been tampered with. Three negroes identified several of the defendants as being members of the whitecap organization. The trial will continue several days.

Panic in an Ohio Theater.

TIFFIN, Ohio, Oct. 26.—The breaking of a bolt in the Edison electric works in this city last night at 8 o'clock was the cause of what for a time, threatened to be a terrible panic and result in the death and maiming of scores of human beings. The lights in the theater went out suddenly and a scramble for the exits at once commenced. Finally the gas was turned on and quiet restored, but many of the audience left the hall. A number of persons were bruised in the rush, but none were seriously injured.

Liquor Spies Placed on Trial.

DARLINGTON, S. C., Oct. 26.—The trial of liquor spies for murder was commenced yesterday. The case against McLendon occupied the attention of the court all day and most of the witnesses for the state were examined. The testimony so far shows that the deed was cold blooded. The case will be continued in the morning and McLendon will be put on the stand.

Chased by 150 Armed Men.

BATTLE CREEK, Mich., Oct. 26.—Policeman Marcellius was seriously shot yesterday afternoon by a tramp while the officer was arresting three of them in a store in the east end. 33 NEW SENATORS TO SWEAR MARCH 4

THEY TAKE THE OFFICIAL OATH THAT DAY.

A Great Deal of Interest Is Taken in the Selections the Legislatures of Many States are to Make at the Next Assembling—Populist Indications.

WASHINGTON, Oct. 26.—The election of United States senators to succeed the senators whose terms expire March 4 is attracting much attention in political circles in Washington. Except in the cases where senators have already been chosen for the term beginning on that date the legislatures which are to meet next winter will perform this work. Barring unusual circumstances, there will then be thirty-three senators to be sworn in, including those who will succeed the thirty whose terms expire on that date, and one each from the states which failed to elect when they should have done so in accordance with the law two years ago. Of these six senators have already been sworn—viz., Donelson Caffery of Louisiana, to succeed himself; John H. Gear of Iowa, to succeed James F. Wilson; William Lindsay, to succeed himself; T. S. Martin of Virginia, to succeed Eppa Hunton; G. P. Wetmore of Rhode Island, to succeed N. F. Dixon; E. C. Walthall of Mississippi, to succeed himself. In the case of Senator Walthall, he had been elected to the term beginning 1895, when he resigned from the senate last session and was succeeded by the Hon. A. J. McLaurin. He did not state his intentions with reference to the new term and it is not known here whether he will resume his seat in 1895 or again tender a resignation to cover that term. In none of the above instances has there been a change in politics. Of the remaining twenty-four senators of the regular list whose terms expire in 1895, Senators Berry of Arkansas, Butler of South Carolina, Camden of West Virginia, Coke of Texas, Harris of Tennessee, Martin of Kansas, McPherson of New Jersey, Morgan of Alabama, Ransom of North Carlina and Walsh of Georgia (ten) are democrats, and Senators Carey of Wyoming, Chandler of New Hampshire, Cullom of Illinois, Dolph of Oregon, Frye of Maine, Higgins, of Delaware, Hoar of Massachusetts, Manderson of Nebraska, McMillan of Michigan, Pettigrew of South Dakota, Power of Montana, Shoup of Idaho, Washburn of Minnesota and Wolcott of Colorado (fourteen) are republicans. The term of none of the populist senators will expire in 1895. Senators Coke and McPherson have announced that they will not stand as candidates for re-election. Owing to the failure to elect in 1993, and to the fact that the terms of Senators Carey and Power expire in 1895. Wyoming and Montana will each elect two senators this winter, and owing to a like failure to elect in Washington that state will elect one, though his term and that of a senator from each of the other two sisters who should have been elected in 1893 will cover only four years. The first election in Utah can not occur until in November of next year, so that the election of senators from that soon-to-be state can not take place before the following winter.

SMALLPOX AT THE CAPITAL.

Serious Scare Among Pension Office, Supreme Court and Treasury Employes.

WASHINGTON, Oct. 26.—There is a bad smallpox scare in Washington. The disease seems to have started in the family of a clerk in the pension office. Already there have been two deaths and six cases attributed to the same source. There are fifteen or twenty members of congress in town, who came here principally for the purpose of looking after pension cases, but not one of the party has visited the pension office to-day, owing to the fear which prevails that the contagion may be in the atmosphere of the big, barn-like building. There is great demoralization among the clerks and employes down there. There is also an uneasy feeling in the vicinity of the Supreme court because the secretary of one of the justices is a boarder in the house where the disease was discovered.

The whole country is up in arms and on the hunt for outlaws.

Assistant Secretary McAdoo was most enthusiastically received and made a great speech. He was followed by Mr. Wilson, whose reception was flattering, and his address was equal to that delivered in Wheeling, and along the same lines. CRANK AFTER GROVER.

Man Who Challenged Germany's Emperor Wanted to See Him.

NEW YORK, Oct. 26.—The first campaign crank materialized yesterday at the residence of Dr. Joseph D. Bryant, where President Cleveland was stopping. About 10 o'clock a well dressed, heavy set man, with a gray beard and wearing eyeglasses, rang Dr. Bryant's door bell. He told the servant who opened the door that he wanted to see the President. The servant called Dr. Bryant, who came to the door and at once recognized the caller as Dr. Richard Goerdeler, whose eccentricities, both in this country and abroad, have caused him to be stamped as a harmless crank. Dr. Bryant politely but firmly refused to admit Dr. Goerdeler. Goerdeler became excited and demanded to be shown in to the President at once.

"You have no right," he said, "to keep a citizen from seeing the President of the United States."

Goerdeler said he had been trying to see the President for nearly two years and have Mr. Cleveland remove the stain of insanity from his name. He began to tell about his having challenged the Emperor William to fight a duel, but Dr. Bryan interrupted him and closed the door.

Goerdeler was formerly a professor of music. He was once a lieutenant in the Prussian army and once challenged Emperor William to fight a duel. He was arrested and held a prisoner for several months. He was finally released, it is said, at the request of President Cleveland, and returned to New York in July 1891. He has since bothered prominent persons with his appeals for aid in righting his imaginary wrongs.

The President left New York late in the afternoon without having registered or said a word about the pending contest.

BILLS A LITTLE OLD TO BE SHOWN NOW

EXPERT CARD'S REPORT ON JOHN W. HOGAN.

According to His Figures There is $1026.31 Due to the City and He Finds No Record of an Offset—Sample Page Taken From the Ledger.

Expert Card's report, which has not been challenged or contradicted, shows that John W. Hogan owes the city of Janesville $1,026.31. Mr. Hogan's claim that he has bills against the city is not an excuse for this money's being held by him. He, of all others, being "starred" as a reformer, should know that the common council is supposed to audit all bills against the city, and if he had legitimate claims against the city back in 1882 there is no valid reason why he should not have presented them as other bills are presented for consideration of the council. But let the expert tell his own story. He says:

"In the course of my examination I have ascertained that during the eight years' time, included in said examination, viz: from April 20, 1886, to April 17, 1894, J. W. Hogan, ex-city marshal has received certain amounts at various times, from the county treasurer of Rock county, for 'marshal fees,' I can find only a part of said amounts accounted for in the ledger and monthly reports of the treasurer of the city of Janesville, Wis., leaving a balance of $1,014.31 not yet accounted for as far as I have been able to find, as per the detailed statement."

Mr. Card then gives the number and amount of each order Mr. Hogan received from the county, with the amount, in regular debit and credit form, showing that he received seventeen orders, making partial returns for twelve. As an illustration, one page of Mr. Card's report is copied verbatim, showing his manner of figuring Mr. Hogan's account with the city. The first column of figures shows the portion of each order that was turned over to the city. The second column shows the share Marshal Hogan retained:

No. of Order.	Statement.		
128,	Paid to J. W. Hogan Nov. 13 1886,.....		$129 82
344,	Paid to J. W. Hogan Jan. 15, 1887.....		34 86

Hogan Is Much Worried.

News of Expert Card's report has spread into the county and is losing the democratic candidate for sheriff many votes. In attempting to counteract it he has issued in circular form this statement:

TO THE PUBLIC:—The statement contained in the report of the expert exployed by the city to examine the books of ex-Treasurer Murphy, that I had failed to account to the city for the sum of $1,014.31 will probably not be generally understood. It is fair, therefore, to state that prior to April 1, 1882, the fees earned by the city marshals were kept by them in part payment of their salaries. In 1882 the city charter was so amended as to require those fees to be turned over to the city, and from April 1, 1882, to January 1, 1891, during which time I was city marshal, the court fees and costs allowed the city marshal were turned over by me to the city after my expenses were deducted. To illustrate, warrants were issued to me, and while held by me in many instances, I traveled from place to place, incurred expenses and paid them at the time. When the action in which I held the warrant was finally closed up, and the fees paid, I deducted the sums paid by myself while executing the warrant, and turned the balance over to the city. During the nine years mentioned there was a great deal of this business. The city marshal was very frequently called upon to act as an officer, and in so acting was very frequently compelled to meet expenses. To be sure I might have turned over all the money received, and then have filed bills with the city for my expenses. The course that I adopted however, was the most simple and convenient, and was perfectly known to and understood by the city officials. In examining the county books therefore, it appears from them that I received more fees from the county than I turned over to the city, and without explanation there would appear to be a defalcation, but when it is known that this discrepancy is the amount retained by me for expenses, it is seen that the transaction is perfectly legitimate. During the period from April 1st, 1882, to January 1st, 1891, I received according to this report, as fees $2737.07. Of this sum I retained $1014.31 as expenses, and the balance, $1722.76, I paid over to the city. My average net earnings turned over to the city were $16.40 per month, and my average expenses were $9 66 per month, or about 30 cents per day.

It is apparent, therefore, that notwithstanding the report of the bookkeeper, there is nothing improper or incorrect in my conduct as a city officer. The above is based on the report from the city books. I believe however, that I have turned over to the city more money than I am credited with on the books of the city—for instance, nothing is credited to me on the city books for the year from Nov., 1886, to Nov., 1887. I am perfectly confident that I did turn over money to the city during that year as I did every other year, but I have not kept the receipts of those transactions and therefore am not able to establish it other than by my word. I am credited with money by the city books for every other year, but by some strange coincidence nothing appears for that time.

I make this statement in fairness to myself and my friends, knowing myself to be entirely innocent of any wrong in this matter, and knowing too, that not one member of the city government, with whom I have had such intimate and long continued relations, believes for a moments that I have intended to wrong the city. I am perfectly willing that all my transactions as city marshal of Janesville, and as sheriff of Rock county, should be submitted to and understood by the public. JOHN W. HOGAN.

Janesville, Oct. 25, 1894.

This is all very well in its way bu it omits vital inform tion. Voters are asking why a man who was auditing his own expense account did not at least submit a statement from time to time. The filing of 1882 bills to cover a claim made in 1894 is not in keeping with ordinary business principles.

LIMA FOLKS WORK FOR A SICK MAN

Husking Bee as a Practical Showing of Sympathy—Many Sick Folks.

LIMA CENTER, Oct. 26—Elijah Barker's condition is somewhat improved. About thirty of Mr. Barker's neighbers and friends united in husking corn for him one day last week. It was the right kind of sympathy. Frank Freeman is still very low with the fever. Mr. Reese's little daughter, who is ill with scarlet fever, is doing nicely. To Mr. and Mrs. Barker a son was born October 20. Misses Carrie and Alice Johnson are spending the week with their brother in Milton Junction. The Ladies' Aid society of the Methodist church will meet at the home of Mrs. Chapman, Thursday afternoon. Mrs. Bagley of Whitewater, visited friends in this village, Tuesday last. Mrs. Elphick is failing steadily. Miss Edna Richmond spent Sunday in Whitewater. Mrs. Anna McLean of Palmyra, is visiting her mother, Mrs. Cowles.

Church Entertainment In Shopiere.

SHOPIERE, Oct. 26—An entertainment, followed by a chicken pie, cake and coffee supper, will be given at the Congregational church, Wednesday evening, October 31. Tickets forty cents a couple; single tickets twenty-five cents. All are cordially invited. Rev. Mr. Moses will preach his farewell sermon Sunday, October 28, he being called to Byron, Ill., to take up the work there. J. H. Leas was in this village last Sunday trying to work up a Sunday School convention for the towns of La Prairie, Bradford, Turtle and Clinton, to be held at this place in the near future. Look out for dates!

JUST BEFORE RETIRING.

How to Insure Peaceful and Refreshing Slumber and a Sweet Mouth.

A warm bath, a light lunch, and a clean mouth before retiring are good things to take. They promote sleep and a "clean" tongue in the morning. What this lunch should be the consumer must decide. The juice of a couple of oranges, half a grape fruit, a cup of tea with dry toast, a sandwich and a glass of ale, cup of hot bouillon, biscuit and a glass of sherry, crackers with milk and vichy, or a bowl of bread and milk are the choice of as many different people, all healthy and handsome.

The best thing in the morning after a cold plunge or sponge bath is a cup of hot tea or coffee with a little lemon juice. The earlier this draught is taken the better; it should precede the breakfast by at least half an hour. This is prime for the alimentary canal; it is a comfort to the stomach, and puts the digestive organs in order. A cup of hot milk is also prescribed, and even hot water the first thing in the morning is not bad. For anything but the abusive cup of cold water the poor stomach will be grateful. If an appetite for breakfast is wanted, and the time permits, take a walk to the corner, alone, inhaling and forcibly exhaling the air through the nostrils. No $10-cure in therapeutics can compare with this.

THE PROFESSOR'S CHICKENS.

His Knowledge of Poultry Farming Was Rather Limited.

This may not be new, but it was new to the reporter who overheard it on a Boston car, so it is likely that there are others who have never heard it. The young man who told it was evidently a collegian, as was his companion:

"I heard a good one on Professor ——, of Andover," he said.

"What was it?" queried the other.

"Well, you know he was married during the winter and went to housekeeping just outside the village. Last spring he thought he would add a few hens to his stock; he already had a dog. He set a couple of hens, and in time had two large broods of chickens. He was very proud of them, but in a week or so the chickens began to die. He called in a neighbor to look at the chickens and offer advice. They were certainly a pretty scaly lot of chickens that the neighbor viewed. They were skinny looking and apparently without ambition.

"'What did yer feed them?" asked the neighbor, after a brief survey.

"'Feed them?' responded the professor, as though he didn't hear aright. 'Why, I don't feed them anything. I thought the old hens had milk enough for them.'"

One of the Oldest Trees.

One of the oldest trees standing in England is the "Tortworth" chestnut, which, so far back as the reign of Stephen in 1135, was so remarkable for its size and antiquity that it was recognized as the terminal boundary of the manor of Tortworth in Gloucestershire. The wondrously old tree was cited by Dr. Ducard in his controversy with Daines Barrington as a convincing proof of the chestnut being indigenous to Great Britain. It is supposed to have attained its maturity in the reign of Egbert. In 1766 the Tortworth chestnut was 50 feet in circumference and 52 feet high, and many more centuries of tranquil existence were predicted for it.

He Is Filled With Curiosity.

Joseph La Point of Ithaca, N. Y., two weeks ago lost $500 in bank bills. A few days ago he offered a reward of $50 for its recovery. When La Point went to bed, he hung his coat on the bedpost as usual. When he put it on next morning he found a roll of bills in one of the pockets. It was evidently the same roll he had lost, with the exeeption of $50, which was the amount of the reward offered, which, whoever had put the money in the coat pocket had kept. La Point will now give $50 more to know who that person was and how he got into his bedroom.

ROCK HAS PAID HIGH FOR "REFORM" RULE

BIG INCREASE IN STATE TAX SINCE 1890.

This Year the One Mill School Levy Has Been Deferred Until After Election, But the Scheme Betrays Itself and Will Be a Losing Card For the Roster Ring.

All the wind is taken out of Rock county democratic sails by the tax warrant for 1894 issued by the secretary of tax. The democratic organs have been proclaiming all summer that the great economy practiced by the reform democracy at Madison had saved the tax payers thousands of dollars. People were straining their eyes to see where the economy of the Madison reformers came in. They see it now. The state warrant sent to County Clerk McIntyre on the eve of a state election calls for a state tax from Rock county amounting to $12,580.89 while last year the warrant called for a levy in Rock county of $42,953.45. The figures nearly staggered County Clerk McIntyre when he read them for he saw that there was a reduction of $30,373 from last year.

The clerk went to work to figure out the reform problem, and in a short time he discovered the mode of reform adopted. The legislature of 1885 passed a law levying a tax of one mill on the dollar each year for school purposes. This one mill tax in Rock county, according to our valuation, amounts to $25,498.00.

It is not a matter of discretion with the state officers but is made mandatory upon them. The tax was provided for and first collected in 1885, and was collected in every succeeding year.

This year, contrary to the state law, it is omitted.

Now, the tax raised in Rock county for state purposes since 1885, has been as follows, the one-mill tax appearing in one column and the remainder of the state tax in the other:

Year.	Mill Tax.	Regular Tax.
1885	$22,297.81	$13,107.34
1886	22,297.81	13,268.57
1887	22,297.81	12,966.74
1888	22.133.89	21,319.54
1889	22.133.04	13,888.17
1890	22,394,07	14,244.92
1891	26,292.21	18,250.74
1892	26,594 00	16,792,60
1893	25,498.00	17,455.45
1894	Held Back	12,580.89

Estimate the one mill tax, to be levied immediately after election, as the same as last year. It will be higher but give the "reformers" the benefit of every chance. The four democratic years will then be seen to have cost Rock county in state taxes $168,961.79 while the four years of republican rule just preceding cost the county but $151,378.18, a saving of nearly $18,000. The democracy has been in possession of the state since January, 1891, being the last four years given above; republicans had control the other years. The voter can make his own conclusions, remembering the one fact, that the law of 1885 is a mandatory law, positively requiring the levy and collection of the one mill tax for school purposes, and that the secretary of state has omitted this tax in his warrant, which omission will make a deficiency in the school fund annually distributed for the support of our common school in like amount. This amount must of necessity be provided in some other way.

It has been intimated that after election and before the county board meets, an amended warrant will be sent out, embodying this one-mill tax. The secretary of state also omits another item, being the normal school tax which in Rock county amounted in 1893 to $389.88. This sum added to the one-mill tax omitted, gives a total of $25,887.88, and this added to the amount raised in the secretary's warrant, $12,560.89, gives a total of $38,468.77, which with but one exception, the year 188,8 is an amount exceeding any republican year. Out with such reform! There has been no economy practiced; there is no reduction in expenses shown by the misleading figures or by the omission of figures. The fact that the secretary of state has omitted the one mill school tax and the normal school tax, amounts to nothing. Those sums be provided for in the legitimate way, by tax, sooner or later. The tax-payers have saved nothing.

AFTON, October 25—The residence of Peter Drafahl, situated about one mile northwest of Afton, was destroyed by fire Thursday morning. None of the family were at the house when the fire broke out, Mrs. Drafahl having gone to Janesville, while Mr. Drafahl and two of the older children were at work in the field and the younger children were at school. Just how the fire originated is not known, for when discovered it was breaking through the roof of the south wing and was too far advanced to control. Nearly all of the household effects were saved.

SOUTH CLINTON ALL REPUBLICAN.

No Time For Democracy This Year—American Eagle Shot.

SOUTH CLINTON, Oct. 26.—Democratic statesmen are busy trying to convince the people of the blessings of democratic rule. Their argument is that they save taxes, but the practical farmer of this community remembers it was easier to pay $30 taxes under the republican administration when they had a hundred dollars to pay them with than to pay $49.50 under the democratic administration when they have only $25 on hand to meet them with. Rev. o. C. Jeussen, who was taken sick very suddenly about two weeks ago, has so far recovered as to be able to be out. Henry Anderson shot an American eagle in the woods south of his place Saturday. It was a fine bird, measuring 7½ feet between the tips of the wings. We would challenge the world to show us a more prosperous and well behaved community than South Clinton, and we would also challenge the world to show us a place more free from democracy. At the present we do not know of a single democratic specimen here.

It is because it has been fully demonstrated that the republican party is the only one capable of keeping the country in a continuously prosperous condition that the people propose to restore it to power. It isn't politics as much as it is common sense that is bringing about this revolutian.

Those Georgians who are preparing to issue county bonds in small denominations—$5, $10 and $20—to be used as money, on no better authority than an opinion of Solicitor Reeve of the treasury department, are preparing trouble for themselves.

It is believed that the democrats started the false report that Mr. Pullman had contributed $250,000 to the republican campaign fund, for the purpose of trying to bluff the sugar trust into increasing its contribution to their campaign fund.

When men who ought to saw wood cease to try to direct the finances of the country, the doctors who are now worrying over the increase of insanity, will find that the source of their worry has disappeared.

Congressman Wilson of West Virginia, should lose no time in opening a correspondence with the people who offered him a college presidency last year. He'll need a job soon.

Members of the lecturer's guild of Great Britain must find it quite dull at home, if it is fair to judge from the number of them now engaged in talking for American dollars.

Comptroller of the Currency Eckels may not make a great financial record, but his eating record will probably stand unbroken to the end of time.

Ambassador Bayard has become sufficiently anglicized to express wonder that the people should antagonize the democratic party, because of its tariff ideas.

Wonder if Mr. Straus will cross the Sun off his advertising list?

Richard Croker's sudden activity in the campaign may have been caused by fear of an overhauling of the books by unfriendly hands.

The Chicago bankers ought to feel very grateful to Comptroller Eckels for patting them on the back and telling them how prosperous they were.

Ex-Governor Campbell is posing as the "funny man" of the Ohio campaign. His last campaign was in the role of Jonah.

When she became Miss, she clung to Castoria.

SCHOOL CORNER STONE IN PLACE

No Ceremony Accompanies the Setting of the Block—Change in Material.

The corner stone of the new high school building was laid without ceremony at 11 o'clock this morning. At the appointed hour the members of the school board, and a few citizens, assembled at the northeast corner of the building on Dodge and High streets, when Clerk John Cunningham placed the little tin box in the alcove which had been prepared for it. The box contained the following articles:

The Daily Gazette, the Daily Recorder, the Republican; report of the board of education; report of the fire department; catalogue of the public library; photographs of the mayor, the members of the common council, the members of the board of education, the teachers of the high school; a number of coins, and a list of the pupils of the high school at the present time. The formal ceremony was dispensed with, the board not wishing to interfere with the work on the building.

The board has made a change in the red pressed brick, using a grade two shades lighter than was originally specified.

SOME WELL KNOWN FACES.

President of the Master Printers.

Mr. Cyrene H. Blakely, president of the United Typothetæ of America, was born in 1837 in East Berkshire, Vt., learned the printer's trade in the office of The Evening Journal of Syracuse, served in the war in a Minnesota regiment and then located in Chicago, where he has been very successful as a master printer. The Typothetæ as a national organization dates from 1887.

C. H. BLAKELY.

FATHER OF THIRTY-NINE.

A Georgia Negro of 98, Whose Oldest Child Is 77.

In a little dilapidated old cabin, situated in a back alley which juts off from Hayden street, lives one of the most remarkable characters in Georgia, says the Atlanta Constitution.

An old negro he is who, for ninety-eight years, has seen season follow season and generation follow generation. His wife, too, is aged, and numbers her years high above the four score notch.

"Dan'el Winfield, sah, Dan'el Winfield, dat's my name. B'longed to the Travises endurin' of slavery time. Dat's me, boss.

This is the usual salutation of Uncle Dan, and he does it with all grace. Uncle Dan has an interesting history, and he delights to account with multitudinous detail the incidents of his extended career. He was born in Fayette county in 1796, and has seen every decade of the Nineteenth century. In antebellum days Daniel was the property of Miss Phœbe Winfield. She was the spinster sister of a prosperous cotton planter, and it was under his supervision that Daniel toiled. In early life he acted in the honored capacity of coachman and presided in his exalted position until his promotion to the foreman's place.

Frequently he made long trips through the country to Augusta, having under his charge a train of wagons loaded with cotton ready for market. After the war he settled in an adjoining county, where he continued at farm work until his removal to Atlanta, about ten years ago. In domestic life Uncle Dan has been lucky. He has been married twice, during which time he became the father of thirty-nine children. By his first wife twelve children were born, all of whom are yet alive and flourishing. Three years after the death of his first wife he took unto himself a second wife, and twenty-seven children were the result. As to the grandchildren, great-grandchildren and great-great-great-grandchildren, they are scattered in every part of Georgia, an innumerable progeny. Except for an accident which befell the old man several years ago he would now be steadily at work. While at work on top of the Metropolitan hotel he stepped through the skylight, striking the floor four stories below. The result of this fall has to some extent interfered with the locomotive powers of Uncle Dan, but in other respects he is remarkably hale.

Gov. McKinley Speaks in Buffalo.

BUFFALO, N. Y., Oct. 26.—Gov. McKinley found an extensive program prepared for him on his arrival here. Three meetings had been arranged, at Wesp's hall, at Music hall and at Harmonia hall and at each a large audience was assembled, as large as the hall would contain; in fact, none of the halls would accommodate all who endeavored to squeeze in. This morning the governor starts out to make nine scheduled speeches and possibly some not scheduled, the principal points touched being Rochester, Auburn, Utica and Syracuse. Contrary to unofficial statements he will not speak in New York, no such arrangements having been made by the state committee.

NO LICENSE NEEDED TO PEDDLE STEAK

JUDGE PHELPS RULES IN FAVOR OF FARMERS.

No License Required—Treasurer Burdick to Leave the County—Charles Harris and His Monroe Mess—Janesville Merchants and Major Upham—Fred Glenn In Springfield.

"It is not necessary that a butcher should take out a peddler's license in order to peddle meat," said Judge M. M. Phelps in the municipal court when he discharged the Milton butchers, Jackson, Walrath and VanLone, who had been on trial for selling meat to farmers, driving through the country with teams and wagons. This decision will be of general interest to country butchers, who have been compelled to take out a peddler's license heretofore in order to avoid arrest. Judge Phelp's ruling does not apply to meat peddlers who come into the city and compete with local butchers.

When Sheriff Peter Moore of Monroe, was here yesterday he was after Charles Harris. Harris went to Racine from Monroe last June, and was arrested as a fugitive from justice. It is charged that he obtained $450 under false pretenses last February from George Bleiler. Afterward he left Monroe and was not located nntil last week. The case has been settled, so when Moore and Harris met on the Janesville depot platform no arrest followed.

DAGO WAS TOO SMART FOR BURR ROBBINS

WELL KNOWN SHOWMAN AT LAST BEATEN.

After Many a Good Man Had Gone Down in Trying It, A Common Italian "Did Him For $5 and a Cash Register Worth Forty-Five Dollars.

At last, and after many men have gone down in the attempt, a man has beaten Burr Robbins and incidentally his friend Robert Campbell.

It was like this:

Not long ago these well known tent men—Robbins as the owner of a show and Campbell as the advance agent for Barnum's circus—came to Chicago to locate and do business. They had experience of all kinds, they argued; had traversed the country from one end to the other; knew all the fakirs from Maine to California, and were up to every trick there was to "do" a man to get a dollar. Both had been among schemers of all sorts and conditions. They knew like a book the man who played the flim-flam game when selling red lemonade, and they were up to all of the tricks of the gentry who lived by their wits in following the big show.

So they bought a place, 280 Madison street, and started the American Bill Posting and Advertising company Business was good from the first. The acquaintance and reputation of the proprietors brought them work, and they got along. Nothing occurred in the bill-posting line to occasion any embarrassment, but that was a side issue.

Cash Registers the Cause.

When they took the house they purchased a number of cash registers from the man who occupied the place and were selling them at forty-five dollars each. Jacob Rosina purchased one on time, after paying the stipulated $5 down, saying he would call and pay the balance in a few days and get the register. The next day he went in and tendered $30 for the register, but Mr. Paul, the cashier refused to receive it, as that was not the agreed price. Subsequently the purchaser came back with a constable and demanded the return of his $5 which the cashier thought best to give him and get rid of a troublesome customer. Then the constable pulled out a replevin for the cash register, and they carried that away with the money.

Just how the whole thing was done neither Robbins nor Campbell can tell. "All I know about it," said Bob to Burr, "is that the town is too swift for us. I wonder if we own anything, and when they are coming for the counters."

Manly H. Wilcox.

Manly H. Wilcox, aged eighty-four years, died at his home in the town of Harmony at 7:20 last evening. Mr. Wilcox had suffereg the infirmities of age and his death was not unexpected. He was one of the early settlers coming to Rock county in the forties, and settling on the farm where he died. His wife was buried two weeks ago. He was a member of the Free Will Baptist church, and exemplified in his life the religion he professed. One son, O. Wilcox of California, and a grandson and granddaughter mourn his loss. Hhe funeral will be held at the home at 10:30 Sunday morning. Mrs. Dame, who was buried last Monday was a sister of Mr. Wilcox.

Strangers In the City.

Well, it is certain sure that our store gets better and better every year. Make us a visit. Most cordially we invite citizens for an hour's look through our stock. Not only are they welcome without being buyers, but so also are their friends and strangers passing through. All the courtesies of our house are tendered to strangers without obligation or suggestion of purchases. We never importune any one to buy. Our goods are so well selected that they sell themselves. Goods well bought are half sold is our principle.

THE "IMPERIAL BAND" ORGANIZED.

"Bower City" Succeeded by the New Organization Effected Last Night.

The Bower City band, which has been the title of Janesville's musical organization for years back, is now called the Imperial Band, the name being changed with the change in management which was made last night, when officers were elected as follows:

President—Frank Horniog.
Vice President—A. W. Kneff.
Manager—John M. Smith.
Secretary—Frank W. Gibson.
Treasurer—George Schaller.
Trustees—L. A. Pressler, Walter Bailey, Frank Brown.
Director—A. W. Kneff.

Mr. Kneff is a musician away above the average and under his skillful direction the band will improve rapidly. No better manager could be found than Prof. John M. Smith, so now Janesville will have a band to be proud of.

SUIT AGAINST STOCKHOLDERS

Milwaukee Times Creditors Attempt to Collect Their Accounts.

Suit has been begun by the Badger Paper company of Kaubauna against the stockholders of the bankrupt Milwaukee Times Printing company to recover $1,186.44 for the paper on which that unfortunate journalistic enterprise was printed. The complaint, which has not yet been filed, recites the fact that the Times Printing company was incorporated with a capital stock of $125,000, and that as the company is hopelessly insolvent recourse is had to the individual responsibility of the stockholders for the recovery of the money due.

POLICE COURT BUSY WITH EVIL DOERS

ELLEN SCHAFER'S LIQUOR CASE ADJOURNED.

John McDonald Who Threw Cord Wood Through a Saloon Window Sent to Jail—Wild Man Takes Up His Residence In the Woods North of Town.

Business was pretty good in Judge Phelps' court when you considered that this was a dark, dank, dismal day. First, there came into the presence of the judge, a female somewhat well known to the courts and the officers thereof, to wit, one Ellen Shaffer of Orfordville. It was the same old story. Ellen was charged with selling liquor contrary to law, but the case was adjourned by consent of the parties until November 9 at 10 o'clock, when she will be tried.

Scarcely had Ellen departed when there appeared an aged offender yclept John McDonald, alias John O'Donnell, alias "Milwaukee Jack." He didn't remember throwing a stick of wood through Ryan & Connell's saloon window, but claimed that Ryan had secured $10 of his money. While he remembered nothing about cord wood he said that probably he did what they said he did. Three days in jail was what this guarded admission cost him.

Charles Brummond told the court that an unknown man had taken possession of a log cabin three or four miles north of town and was acting in a way to bring dread to the neighbors. Mr. Brummond was told to make a complaint and let the law take its course.

What is CASTORIA

Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTYN, D. D., New York City.

Castoria.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhœa, Eructation, Kills Worms, gives sleep, and promotes digestion, Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." EDWIN F. PARDEE, M. D., 125th Street and 7th Ave., New York City

THE BETTER HALF.

Women doctors appeared about a half a century ago.

Lily—Tom says he doesn't believe a word you say. Bessie—So it would seem. He has proposed five times.

He—May I kiss this dainty hand? She—Oh, yes; if it will give you any pleasure. But where do I come in?

It is a point of honor that the Moorish women never know their own ages. They have no birthday celebrations.

"Has that young man proposed yet?" "Not yet, mamma, but he has been inquiring if your cough was anything serious."

Mike, beating the carpet—What's that spot there that's so worn? Mary—Oh, that must have been just in front of the missis' mirror.

Scene—foreign music shop. Fashionable Lady, to German clerk—Has Schubert written any new songs lately? Clerk—No, madam, not since he died.

A medical authority declares that ailments of the throat and stomach are often due to migratory toothbrush bristles, which should always be carefully rinsed from the mouth.

Sewing Machine Agent—You're not looking well, ma'am. Housekeeper—I'm not as well as I'd like to be. Agent—Buy one of our machines; that's what makes all of our customers sew well.

Miss Millicent Fawcett, the brilliant senior wrangler of 1890, is about to begin a business career as a civil engineer. Chicago has her counterpart in Miss Anise De Barr, who is a duly accredited and practicing engineer.

Johnny Wayback—Did you see that young lady from the city? She's got on a coat and vest and shirt and collar and necktie and a man's hat and 'most everything! Little Sister—Hush! It's wicked to make fun of crazy people.

Like "Sweet Bells Jangled Out of Tune," Weak nerves respond harshly and inharmoniously to slight shocks, which would produce no effect upon strong ones. The shrill outcry of a child, the slamming of a door, the rattling of a vehicle over uneven pavement and other thrilling disturbances effect weak nerves—sensitive nerves, sorely. Nervousness is largely attributable to dyspepsia and non-assimilation of the food, a very usual concomitant of sleeplessness. Digestion and assimilation renewed by Hostetter's Stomach soon beget nerve quietude and sound repose. The great allerative causes the liver and bowels to unite in co-operative harmony with the stomach, whereby the general tone of the system is raised to the true standard of health. In malarial complaints, rheumatism and kidney trouble, the Bitters produce excellent results.

Kill Him.

That was the decision in the Prendergast case of the assassination of Mayor Harrison of Chicago. That is your verdict in regard to your hair providing you do not take care of it. If your hair has already fallen out and your head is bald you should consult some one at once who makes a specialty of the hair. Where the follicles are present there is a cure for you. An examination which will cost you nothing, may prove of endless value to you. Professor Birkholz, the German hair specialist of Chicago, where he may be consulted in private, and free of charge, by those who desire treatment. An examination will cost you nothing, and should he find that there is the slightest chance to cure you he will treat you under guarantee to cure or ask no pay. Call or address Prof. Birkholz, 1011 Masonic Temple, Chicago.

Hand this notice to any first class druggist and he will get the Remedy for you at once, if he has not got it in stock.

We Pay for Ideas

We need TWENTY or MORE original and striking designs for Newspaper Advertisements of SANTA CLAUS SOAP. The manufacturers, The N. K. Fairbank Company, authorize us to pay TEN DOLLARS EACH for approved drawings with appropriate reading; or $5 each for designs or reading matter only. This offer is open to all. The competition will close December 1. As soon as possible after that date we will pay for accepted designs and return the others. Remember, for complete, acceptable advertisements we pay

$10 Each

Directions.—Make drawings with black ink on heavy white paper, or card board. Do the work in outline. Elaborate shading will not print well. Space in papers will be four inches square. Draw to larger scale if you prefer, but have design square. The idea is most important. If that is good we can have it redrawn and still give you credit. Avoid poetry. Get up an ad. that would make *you* buy the article.

Points.—Santa Claus is a pure, high-grade Soap—made for laundry and general household use—a favorite wherever known. Merits generous praise. Sold by all grocers, wholesale and retail.

A man with a wonderfully poor memory got lost in New York and went to a small hotel. He was so absent minded he couldn't for the life of him remember where his home was. But he had a great head, and sent an advertisement to a newspaper offering $200 reward for himself. After a couplo of days the proprietress of the hotel found his address on a card in the corner of one of his pockets, and she called a hack and sent him home. He's now chuckling because she didn't read the newspapers and claim the reward.

The late Joseph Spencer Cone of Red Bluff, Cal., owned one of the largest ranches in the state. It is situated on the east bank of the Sacramento river and extends from a point near the town of Red Bluff, south for fourteen miles, and thence eastward, embracing the entire valley lands and reaching into the foothills for ten or twelve miles. Most of the products known to farming life are grown there. The ranch produces 125,000 bushels of wheat each year, and on the northern boundary, along the mountain side, 30,000 sheep are grazing. The yearly wool output of the ranch is 275,000 pounds.

SAVE DOCTOR'S BILLS

by paying attention to properly regulating the bowels thereby preventing a thousand and one derangements of the system which follow neglect of this precaution. Once used for this purpose, Dr. Pierce's Pleasant Pellets are always in favor. They're purely vegetable and far better, as a liver pill, than blue pills or calomel. Their secondary effect is to keep the bowels open and regular—not to constipate.

MISS ANGUISH.

MISS MARY ANGUISH, of *Glen Easton, Marshall Co., W. Va.*, writes: "Two years ago I was pale and emaciated, food fermented in my stomach. A physician pronounced my case 'Catarrh of the Stomach,' but he could not help me. I lived a month without solid food and when I tried to eat I would vomit. At this time I began taking Doctor Pierce's Pleasant Pellets, and in two weeks I was decidedly better. I am now in good health, and never felt better in my life. I have a better color, eat more, and have no distress after eating—having gained thirteen pounds since I began taking them.
